

The latest innovation in POS ...

... delicious country sausages
in a taste preserving packaging.

Put it in the
microwave!

Practical new products is what the country needs. Delicious country sausages from Metten to boost your bottom-line!

Products with regional association are in demand and convenience is still the trend. Uncomplicated, easy-to open packaging is becoming increasingly important - especially for the prosperous target-group of the Best Ager and families that like to have something quick and good on the table.

The traditional Metten company, known for 100% pure product quality, has identified this demand and has developed THE packaging innovation for the preserved products segment: the Metten aroma container!
This is the follow-up to the successful Metten aroma pail, the winner of the innovation award "taste 09" at the Anuga Fair.

A quick look ... order, merchandise and profit!

order-unit tray / display	delicious country sausage / varieties	EAN-Code	shelf live days	containers per tray	containers per display
61170 tray 61270 display	Wieners (5 x 50g = 250 g)	400840161170 8 400840161270 5	178	12	140 (4 layers à 35 containers)
61176 tray 61276 display	Poultry sausages (5 x 50g = 250 g)	400840161176 0 400840161276 7	178	12	140 (4 layers à 35 containers)
61272 display	mixture display 100 x Wieners 40 x Poultry sausages	400840161272 9	178		140 (4 layer à 35 containers 25 x Wieners 10 x Poultry sausages)
